To Whom it May Concern:

The Bicol Clinic Foundation is hosting its annual fundraising Gala in celebration of its 11th Anniversary on March 30th, 2017 at the Addison in Boca Raton. The gala event will feature an all-star band who has toured with artists such as Jon Secada, Beyonce, and Jennifer Lopez. The evening will begin at 6:00pm for unlimited cocktails and fine spirits, Live Auction, and a decadent three course gourmet dining experience. The evening will be an enjoyable experience; dinner, dancing, and an opportunity for the community to support a worthwhile cause.

Since 2005, the Bicol Clinic Foundation has treated over 38,000 impoverished patients in mainly the Philippines, Nepal, Haiti, and locally, in the USA. We provide food, water, clothing, and school supplies. In times of natural and man-made disaster, our Emergency Response Team is on the ground within days to help provide medical and other relief needs, as was recently seen for the earthquake in Haiti and Nepal, the typhoon in the Philippines, and the hurricane in Haiti. The most important thing to note here is that we are not only there to help with the immediate need, but we return afterwards in the months and years of rebuilding. We are committed to providing long-term, compassionate care to those who need it most. Providing life-saving surgeries for children and families is crucial as well. We feel that no one should have to wait for disease and death to claim their loved one because they cannot afford to save them. Generous donations, such as yours, allow us to give these families hope once again and change the fate of their loved one.

Quality patient care and compassion are invaluable traits that we practice abroad, as well as bring back with us through our volunteers, physicians, and medical students. We bring with us medical doctors in training from schools such as Tulane University, Florida Atlantic University, University of Miami, & Temple University, to list a few. We provide an opportunity for our future physicians to regain the compassion that physicians lack these days and bring a renewed sense of purpose and dedication towards everyone under their care.

Bicol Clinic will continue providing the necessary medical care to under-served nations around the globe or to those living right here in our communities, or by giving food, water, clothing, and education to those who need it most. Together, we will persevere in our efforts to make a difference and save many lives along the way. The Bicol Clinic Foundation is formally requesting sponsorship or an in-kind auction item for our fundraising efforts and would love you to join us for this event. We look forward to hearing from you and we hope that we may count on your support!
